THE CHAIRMAN'S MESSAGE

In today's fast paced world, the digital age has brought many changes in the field of education. Thus, the emerging practices at Jiva endeavours to nurture change makers and future leaders. Over the course of past three decades, the school has embraced indigenous ancient knowledge system to develop a unique educational approach guided by the Jiva philosophies of Dincharya Ke Niyam [DKN], Self Others Environment [SOE] and Swadhyay [Self-retrospection], to integrate physical, mental, emotional and Spiritual growth of learners. This perspective aligns with the conviction that growth is an internal process, thus the school employs tools and frameworks to achieve growth competencies, fostering a growth mindset to achieve Self-mastery. At Jiva, we unleash the learners potential to amplify self-mastery, self-improvement and resilience to become the change makers of tomorrow.

In this present era, it is not the strongest or the most intelligent ones who will survive, but the ones who are most adaptable to change.

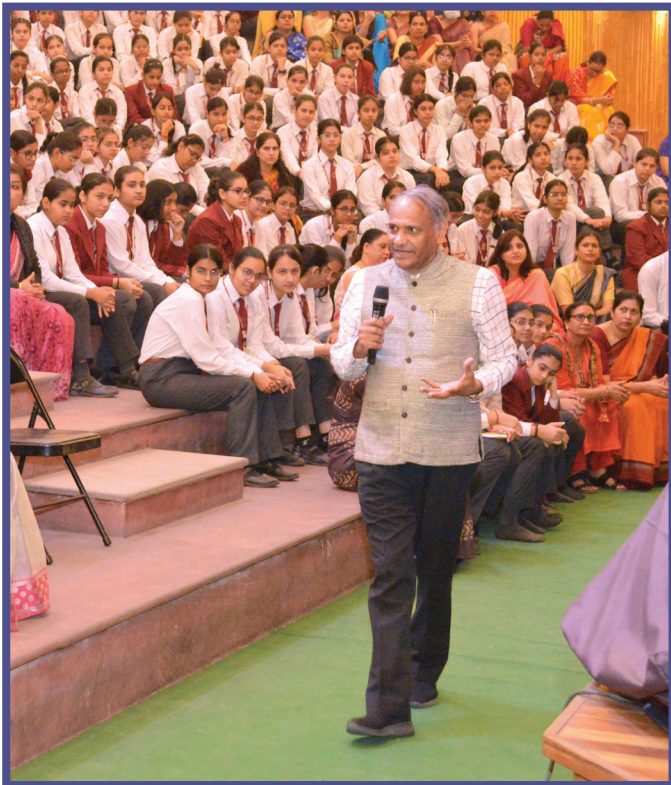

Jai Bharat

Rishi Pal Chauhan

MORNING ASSEMBLY

The blissful day at Jiva embarks with synergy of cheerful greetings and twitterings, until everyone assembles in the spawning auditorium to seek divine blessings. Morning assembly is an essential part of school life. It instills discipline, good habits, values among students and fosters a positive school culture and ethos.

Best Students

of the Session 2023-24

On the basis of: Academics, Behavior (Observation File/Portfolio/SOE),
Discipline, Extra Curricular Activities

PROPAGATORS OF CHANGE MAKERS

In our constantly changing world, the pervasive influence of social media often leads to the neglect of our rich cultural heritage. Jiva takes the lead in initiating small steps to be the force beneath the wings of bringing in the change.

Digital Detox

PRITIKA
XII-B

I was tremendously addicted to my phone, a sudden change of 'Technology Detox' has helped me ameliorate my routine.

By implementing technology detox in my day to day routine has enhanced my productivity level and reduced my stress level. I was also able to improve my relationship with my family and had better understanding. Technology detox really is a life changing step which should be implemented by everyone.

Namaste Campaign

LAVANYA SHARMA
VI-A

Namaste is not just a word, but it represents our regards and respect towards anyone. This is a way to become more aware of our culture and a way to involve it in our lifestyle.

Our school not only helps us to become a change-maker but with the learnings of our ancestors, develops humble characteristics in us. I am implementing my lifestyle and habits with the help of the teachings and learnings in our school to become an ideal student.

What have I learnt today?

ISHA YADAV
XII-A

This new scheme recently initiated in my school to ask ourselves that 'What have I learnt today?' has benefitted me in a miraculous way as after being introduced to this. I started to aim to learn something or the other new everyday. Now, I aim to learn and explore everyday rather than just memorizing the book content as at the end of the day. I have a question for myself that what have I learnt today?

HONOURS AND AWARDS

(Ek Naji Udaan Awarded to Rishi Pal Chauhan)

(School Excellence Award Conferred upon Rishi Pal Chauhan)

(School Excellence Award Bestowed to Rishi Pal Chauhan)

(IG Gurugram Confers Award to Rishi Pal Chauhan)

(Rishi Pal Chauhan Recipient of IG Gurugram Award)

(IG Gurugram Confers Award to Rishi Pal Chauhan)

Awards and honours act as mementos and symbols of achievements and appreciations. Winning an award is a great way to increase credibility as it shows approval and gratitude for the commendable job done in the field. Such honours are powerful motivators for the exemplary accomplishments, determination and hard work. While they heighten the moral of the recipients, they also act as a motivation to others. The School Chairman Rishi Pal Chauhan has been appreciated and awarded many times for his excellent and laudable contribution in the field of education.

ACCOLADES FOR JIVA'S ATL HEAD AT INTERNATIONAL TECH CHAMPIONSHIP

The ATL Head Mr. Manish Kumar at Jiva Public School had recently visited Australia to participate in the International First Tech Challenge Competition. Out of the 36 teams participating across the globe Mr. Manish Kumar's team clinched the sixth position. Mr. Manish had qualified at the National Level this year to get selected for the International Championship.

ATL Activities

With a vision to 'Cultivate maximum students in NCR as Neoteric Innovators'. We are empowering 21st century skills such as design mind set, computational thinking, adaptive learning, physical computing etc. among our students.

ATL lab is a workspace where young minds can give shape to their ideas through hands on do-it-yourself mode. Our students get the platform to work with tools and equipment to understand the concept of STEM (Science, Technology, Engineering and Math).

ICSE AND ISC BOARD RESULT

The CISCE New Delhi, declared the result of ISC and ICSE consecutively on 14th May. A moment of glory and pride for Jiva family, as all the students cleared the Board Exam with a whooping 91% in Science Stream and 84% in Commerce Stream ISC. The Science Stream in ICSE clinched 96% and Commerce Stream 92.3% respectively.

DIRECTOR'S MESSAGE

Education is an important, invaluable part of life. Our school is an endeavor to mould the overall personality and guide the learners to be true citizens and help to adapt themselves to brave challenges of the fast accelerating world.

It is my belief that true education should instill knowledge, creativity, tradition and culture. To equip the young generation for a solid foundation, we have improvised and perfected several tools that focus on evolving different growth competencies to empower them with capabilities and skills. Dincharya Ke Niyam and Swadhyay are such blue prints for action that intersperse physical, mental, emotional and spiritual growth through academics and integrated practices. Our vision stems from past three decades of personal and team reflections, conferences and training sessions.

My emphasis of education is to enrich young minds with values, skills and a scientific temper.

Chander Lata Chauhan

BEYOND CLASSROOM

Learning beyond the classroom activities are authentic, hands-on, interactive and inspiring for more specialized skills. Such learning experiences differ from those that arise through conventional teaching practices. These activities encourage to engage a broader range of soft skills such as teamwork, decision making and sharing new knowledge.

The beyond classroom activities provide tremendous opportunities to each learner to show his / her profound talent and discover the inner potential.

BAGLESS DAY

Keeping with the guidelines of NEP 2020, the concept of ten bagless days in schools is a fun filled way of introducing vocational education, right from the school level. This transformative concept promises to reshape the classroom experience, where the focus lies on activity based learning. This unique bagless day project is adopted for the students from class VI – VIII. The lessons designed for this day provide students an opportunity to practically experience the things learnt in books and to acquire important life skills. During these days they will intern with several trades and artisans for a variety of enriched activities.

INTERACT CLUB

Great opportunities to help others seldom come but small ones surround us everyday.

With this motto, the Jiva Interact Club in collaboration with its parent Club Aastha, organizes and undertakes incredible projects and activities to make a positive impact upon the school and the local community. Each achievement is a testament to the strength of teamwork and collective commitment to excellence. In the year 2022-23 the club aimed to promote sustainable development goals, such as clean water and sanitation, affordable and clean energy, reduced inequalities, peace, justice and many more. An initiative to avoid usage of plastic with small steps within the school and outside was a huge success.

SANSKAR MELA- THE ANNUAL FEST

Annual fests are an integral part of any educational system. It is once a year event that brings teachers, students, management and parents on the same platform to exhibit talent, boost confidence, be enthusiastic and put in all efforts to make an extraordinary affair which would be exceptionally memorable too.

This year's annual fest was exemplary in many ways with the cultural religious theme Krishna Leela, that manifested karmic impulse, sublime impression and innate disposition.

MESMERIZING PERFORMANCE AT SURAJKUND MELA

Shrutkriti a class II student presented a mesmerizing performance at the ongoing Surajkund Art and Craft Mela. Her dance recital pulled crowds of people, who were awestruck and spell-bound. At Faridabad, the Surajkund Mela is organized at International level, wherein many artists participate to showcase their talents. It is a moment of great pride for the School to represent a Folk Dance.

ACADEMIC AND EXCELLENCE HEAD'S MESSAGE

The school magazine is an endeavor to mark our growth and give life to our thoughts and aspirations. It is believed, that there is a thin line that demarcates a good school from a truly great one. I feel deeply gratified that in these years of our enriching journey, we are on the way to be known as a truly great one. To mark the achievements and accomplishments of Jivites, I would like to share this year's 100% board result with many students scoring 90% and above, across the subjects. The school is oriented to total formation of a child with adaptation to various methodology suiting to the dynamics of the changing world. At Jiva, education is not all about formulas and equation, it is about the way it moulds the soul and mind. Ethics, soft-skills and etiquettes are all a part of the curriculum. All the accomplishments owe the hard work dedication and strict following of Jiva principle of Dincharya Ke Niyam [DKN], which keeps them, update in their routine task and stress free.

While academic excellence is our major thrust, the school is also devoted to prepare children to face life challenges of tomorrow and encourage them to be socially relevant.

Mukta Sachdeva

COMPETITIVE EXCELLENCE AT INTER-SCHOOL COMPETITIONS

Competitions in school are an essential element in student's life because it motivates them for hard work and fosters in them creativity in different spheres. A healthy competition improves self, creates discipline and develops new skills, builds confidence and helps to showcase talents. Competitions make the students mentally strong, evaluates caliber and pushes to achieve greater heights.

INTRA-SCHOOL CARNIVAL

Every school endeavours to provide a platform to students to interact with one another in the healthy atmosphere with their creativity. It draws an enthusiastic response from school students to strengthen and imbibe finer skills of team spirit and mutual understanding. A galore of intellectually stimulating inter disciplinary events are held every year to foster euphoria of learning and make it a thriving and lively experience. Such competitions capture the unique skill and ability of the participants, motivating them to perform and excel.

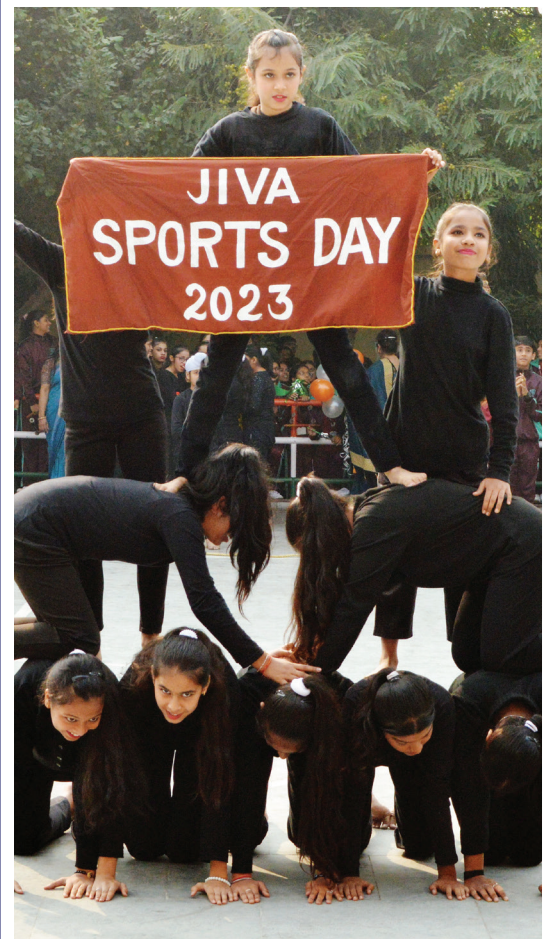

SPORTS FIESTA

PLAY SMART, WORK HARD, WIN EASY

Academic learning and sports education are very much inter-related. Sports education is considered an integral part of the curriculum along with core subjects. Sports education incorporated in school curriculum teaches teamwork, dedication, discipline and punctuality and makes them courteous in life. Sports builds confidence and leadership qualities in individuals. It teaches students to face challenges and overcome weaknesses to move on in life.

Jiva Commemorates 30th Foundation Day

Jiva Public School commemorated its 30th Foundation Day on 6th February 2024. The school is dedicated to impart value education, achievements and excellence, making Jiva The Modern Gurukul. The pupils are empowered with growth, self – mastery, resilience, values and ethics to face the challenges of ever changing world. The school had a humble beginning with hardships and challenges to the giant leap of success it has reached today, in terms of infrastructure, popularity community service, awards and accomplishments and much more.

At Jiva a rock foundation of values and ethics is laid for life time.

Mark of Jiva Students

- Empower themselves by learning to learn
- Identify their natures and life paths
- Make learning a lifelong habit
- Are excellent problem-solvers
- Become well-adjusted members of society

Mark of Jiva Teachers

- Focus on learning and teaching
- Consider each learner as unique
- Engender a love of learning among their students
- Create an environment that is conducive to learning
- Build a sense of discipline in their students

Mark of Jiva Public School

- Fosters Indian tradition and global skills
- Impacts constructive learning
- Helps students discover their true selves
- Assists in choosing careers that match natures
- Empowers students with decisive power
